Managed Endpoints

We partner with our clients by aligning technology to their strategic and operational initiatives. Whether it's IT outsourcing, security, strategy, projects, training, or co-managed IT with your in-house team, we've got you covered.

### The Launch of New Charter Technologies

New Charter Technologies was founded in September of 2019. Mitch Morgan, Founder and Executive Chairman of New Charter, partnered with private equity firm, Oval Partners to align the vision and propel the idea into a reality. Four founding partners – PennComp, ActiveCo, Apex, and DCG – came together, setting the stage for fast-growth years to follow. The unique New Charter Equity Partnership Model prioritizes long-term trust, people, and collaboration.
